

Inseense

**High quality  
essential  
products**

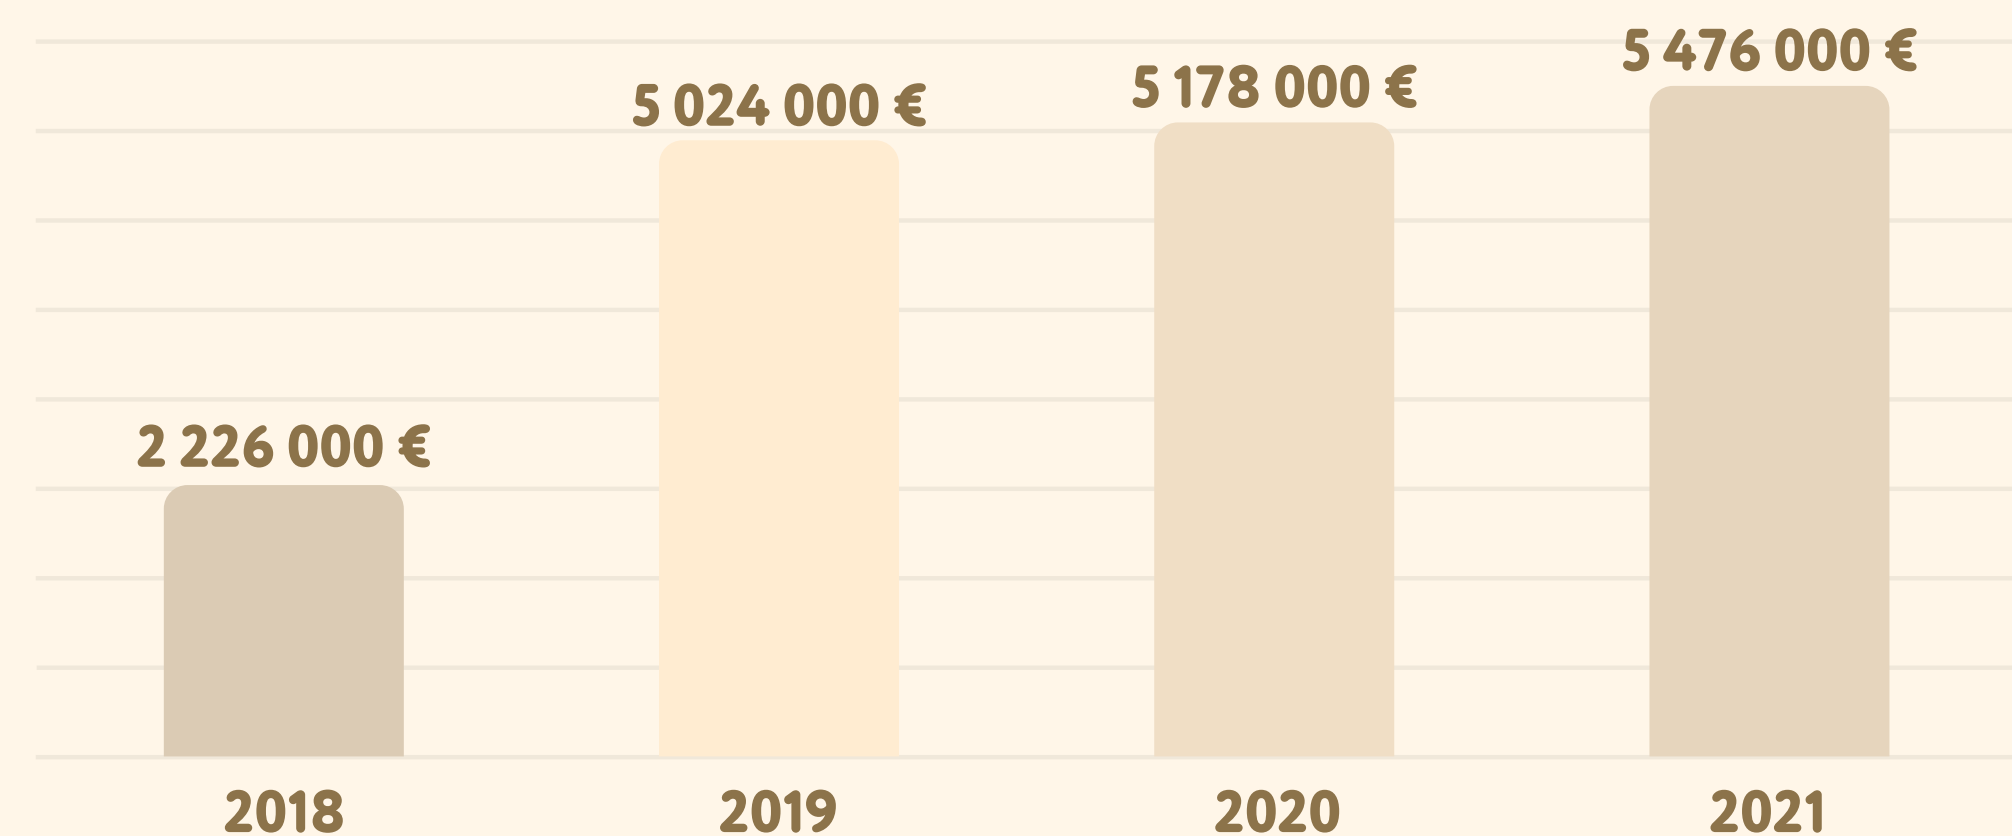

for the whole family

# We offer a wide range of high quality essential products for the whole family.

INSEENSE — is a young, dynamically developing company that has an annual and, in particular, a quarterly growth in customer demand for our products, which are located on the most popular trading areas in Russia.

## Our sales results

# We are developing 2 volumetric universal directions:

## Family's direction

- Napkin
- Handkerchiefs/ napkins
- Hygiene cosmetics
- Cotton swabs, cotton pads
- Antibacterial household products
- Hygiene items (diapers, panties, etc.)

## Children's direction

- Diapers-panties
- Hygiene products
- Napkin
- A house for coloring

**These products are sweetched  
between each category of customers,  
which helps to cover the whole family  
needs at once!**

## Benefits of our cooperation:

-  Quality production
-  Deliveries on time
-  Favorable price of a product

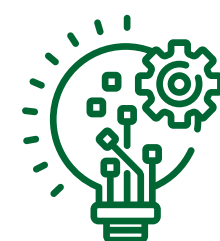

We are among the market leaders, as we have managed to gather the best professionals from the areas we need.

Our products are bestsellers, they are multifunctional, and at the same time they cover many of our customers' requests!

We use innovative elaboration to improve product quality.

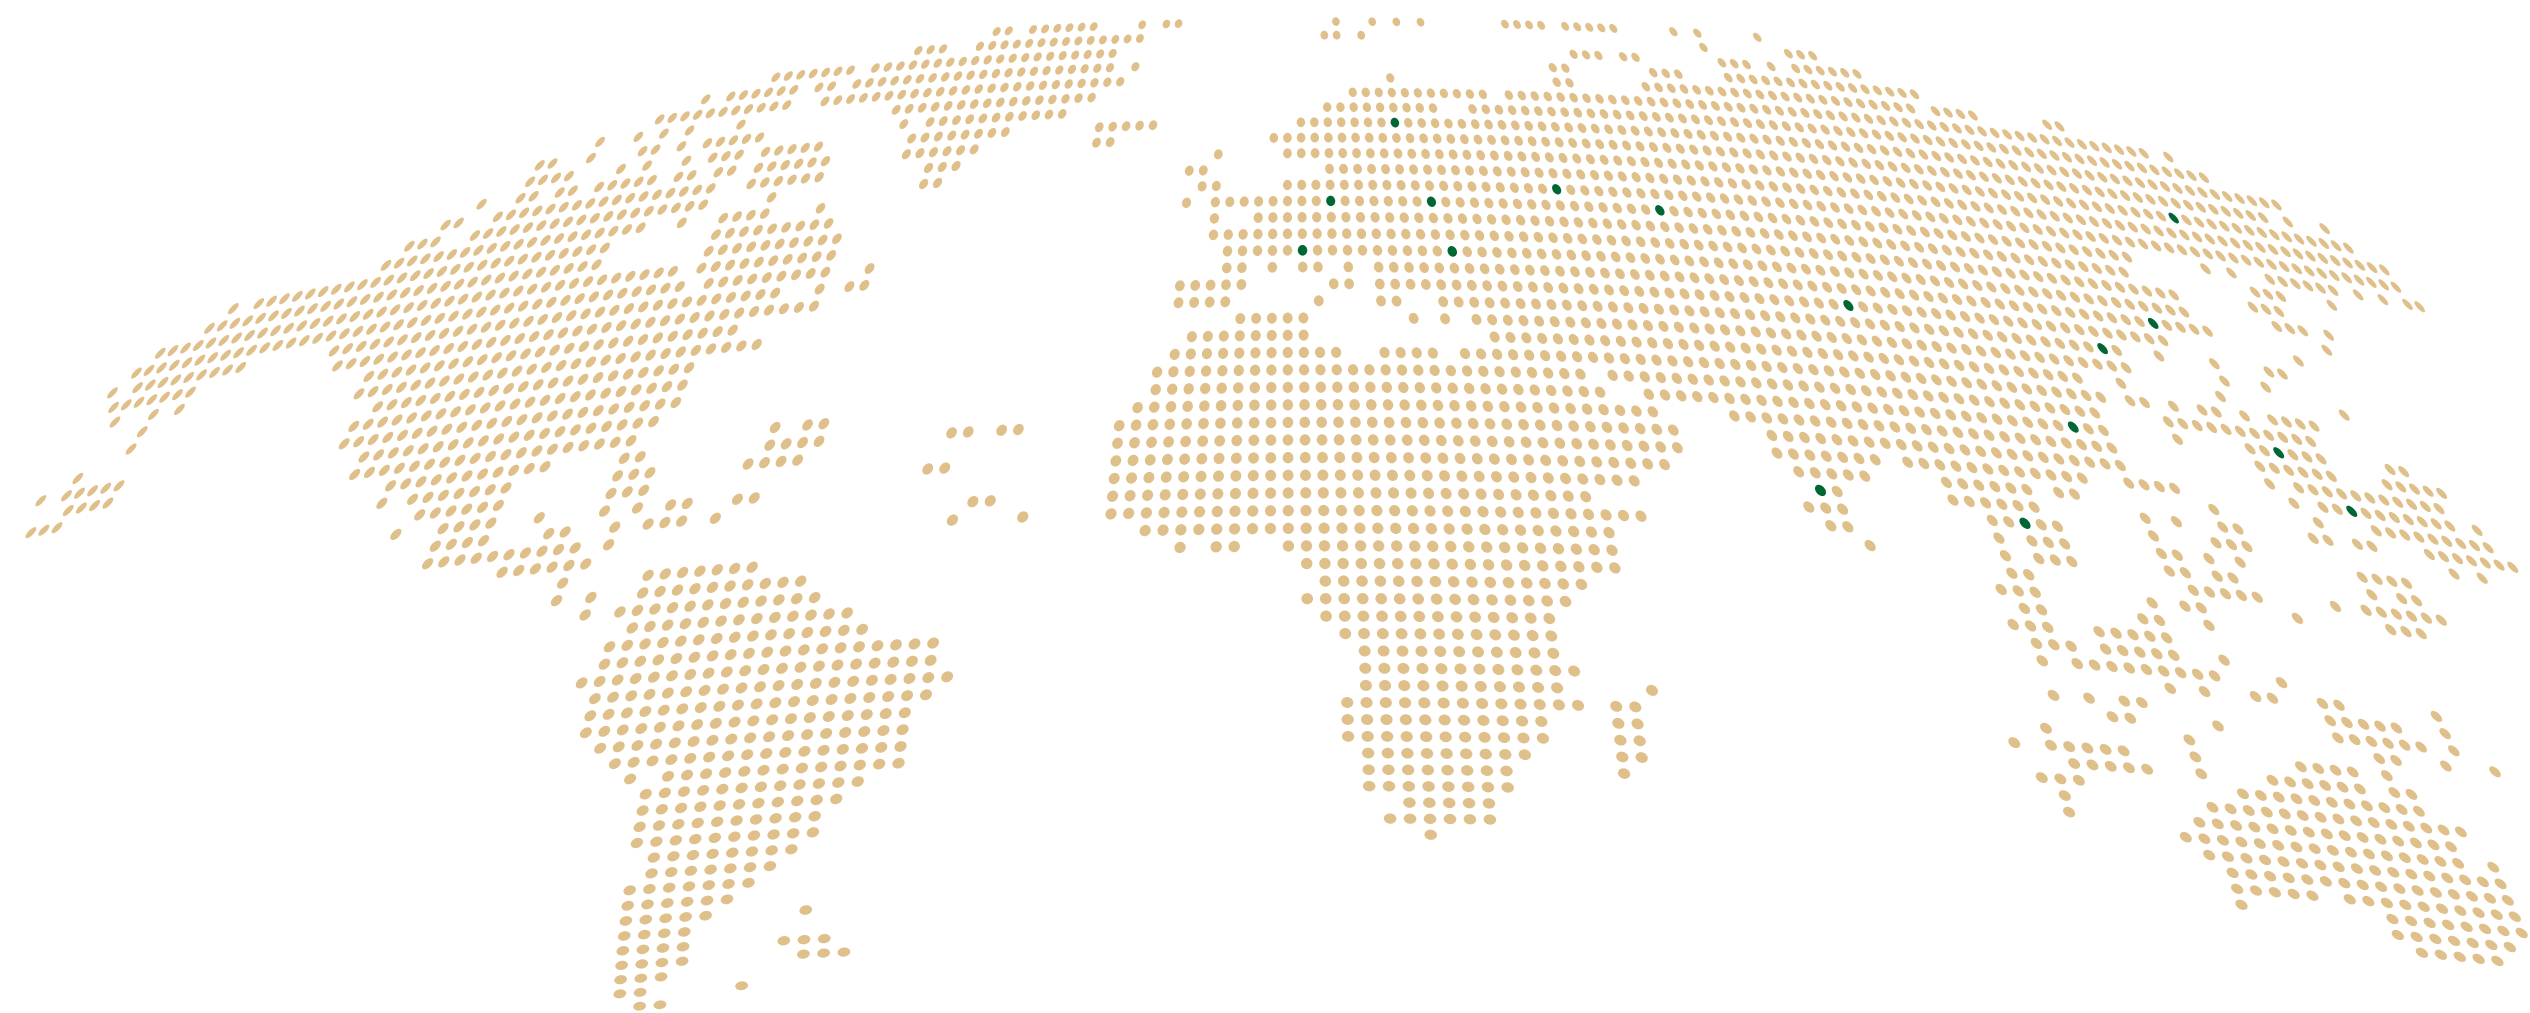

Our products are produced in Russia from natural ingredients and materials using the latest modern technologies.

All our products are certified, which means that they have successfully passed the tests of the laboratory center, all standards for absolute quality, safety, and complies with the technical regulations of the customs community.

We keep up with the times, and constantly replenish and update our assortment with new products, taking into account the desires, needs and demands of our customers.

We supply our products throughout the CIS to kindergartens, schools, hypermarkets, marketplaces

**and we are confident that we will be relevant in the European market.**

In future cooperation, we will be happy to take into account and discuss the best solutions for the beneficial position of both sides.

The whole world is forced to adapt to today's realities. Will it demand decrease or increase due to COVID-19 restrictions on our products?

It will Increase!

**Because our product is in the category of the first necessity for the buyer.**
